Services	A program that provides recourses, including stronger parenting skills and support to successfully meet other legal obligations. They work with men who have been recently released from incarceration and offer video appointments if transportation is difficult.	A program for fathers who are in the process of reentering into society or have recently reentered. They offer special assistance for reconnecting with children and offer access to legal counselors passionate about assisting fathers with questions concerning the paternal legal process. They will also fund a portion of the fees necessary to file for joint, or full custody, depending upon available funding.	A private counseling center that specializes in the evaluation, education and treatment of families and individuals with emotional health concerns.
Location	3 locations in Minneapolis, St Cloud, and St Paul	Based in Georgia (not local), but offers help to anyone that contacts them in the US.	The specific therapist we contacted and interviewed was from the St Cloud location, but they have offices all over MN.
